Like New!! Only used 4 times. Need to sell because it is just too big for our vehicle to pull for our comfort level. Very spacious! Sleeps 4 adults and child comfortably or two adults and you can pack it full of kids on the second bed and fold down table bed. Comes with tv that can be mounted and a DVD player. Negotiable on other camping gear that we have that you may need. Outdoor speakers are perfect for listening to your music while relaxing under the stress free bush button awning (will miss THAT feature for sure)! The FULL bath will make any trips you ever took to the camp bath a thing of the past. Incredibly spacious! For a hybrid camper, this feature feels just like home!

17 feet long 9 feet wide/Dry weight 3,110/air conditioner/heater
