Exchange Students truly touch our lives. From one dynamic current host family: post game picture with American grandparents. "The end of the exchange year is getting real as the farewells and last pictures begin. Where did the time go?!?! We still have 5.5 wonderful weeks left with our girl though! Family and friends will continue to cycle through to wish her well on her next adventure. She has certainly become a part of our family." Share the excitement of two families coming together. Host an exchange student. For more information, pm or visit our webpage <http://pride.iseusa.org> Please share!
