Selling my Surly Long Haul Trucker. Sized for a petite woman. Barely ridden. Friction shifters, quick release tires, nice bell, and gull wing bars. Needs a tune up and some air but otherwise it's in great shape. Was purchased for 1k. Super strong bike that can take you across the country or just around town. As an added bonus, it comes with a nice Brooks saddle that has some weather damage but has barely been ridden.
