We have a full dining room set that is very large. It includes a touch-light china cabinet that is nearly 8 feet tall, a dining table with 3 leaves with 10 chairs total, and a credenza about 5 feet long. They were purchased from Ashley Furniture over 10 years ago; used very seldom. A few minor scuffs from moving, but surely can be removed or touched up with wood marker. They need a LARGE dining room with high ceilings. Let me know if you have any other questions or need additional pictures. Thanks!
