Just moved to Ohio... Need gone.

2 chairs are missing slats . Without leaves 59" long width 42"

I have back problems and can't pull apart, but the leaves measure 17.5" each and were finished when my husband finished the table, the top is a orange brown, hard to photograph.... The sides and base all match chairs. Original owners.

Table top had been refinished. It has 2 leaves, 8 chairs. 2 of the chairs are missing a slat. Solid oak.... They don't make them like this anymore. Still in really GUC Until I can figure out pics
