Address:

Kersey

Price:

700.00 \$

We just don't ride the tandem anymore so it's time to thin out our bike inventory a bit. The bike is in real nice shape but probably could use new seats. It has bar ends and toe clip/strap pedals and Gorilla brake braces. The bike has Grip Shift with LX and XT components. This is a high end bike. I will include another set of rims/cassette that have slick tires mounted on them. With these tires two people can really cruise on this bike. The bike comes with knobby's.
