This bike was used for a handful of olympic triathlons for the first 3 years of life. The last 2 years, it has logged an estimated 150 miles and has been serviced this year. Specialized's Ruby Comp Compact is a gem of a bike. This high-tech women's-specific ride sports Specialized's super-light and comfortable FACT 8r-carbon frame with a full-carbon fork -- a stellar setup that gets up to speed with ease, corners like a champ and also takes the sting out of rough roads for ride-all-day fun. Additions/modifications to the bike include 745 Oval concept carbon fiber wheels with grandprix tires (25 mm rear and 23 mm in the front), TI+ profile designs aerobars, Sigma and Bontager odometers. The buyer will get the Sigma odometer (black) with the purchase.

Specs:

Bike is 51 cm from pedal to seat post and 51.8 cm from seat post to handle bar.
