Chicco Lullago Portable Bassinet in Sky.

Non-smoking household. One small dog.

I purchased this from Target online on March 8th. My son has slept in it a maximum of 10 times.

The legs snap on and off for easy set up/take down. It also comes with the travel bag for easy transportation. Recommended for 20 pounds or less. All fabric pieces come apart and are machine washable. Mesh windows on each side for easy viewing for parents and air flow for baby.
