Address: 1501 Old Main Apt 901, Newton

Price: 200.00 \$

Dell Inspiron 15 Inch Laptop (Non touch).

Intel(R) HD Graphics 4000

500GB HDD

6GB Ram

Intell Core I5-3317U @ 1.70 GHZ (Not Overclockable)

OS is Windows 10 64-Bit

Web-cam (Not sure of res for the cam though)

DVD-RW Disk Drive

Two USB 2.0 Ports

HDMI Out port

SD/MMC-MS/PRO Port

Battery life is decent and a charger is included (Duh)

Asking \$200 - \$300 For it because we are moving and have two Gaming desktops, It's under used but works great. Can run a few games at decent quality like Borderlands, Borderlands 2, Skyrim, Minecraft, and a more older titles that you would find for 360 and ps3. I can show some Benchmarks if need be when asked for.

Best use would be for this laptop for someone who would use it for school, web browsing, streaming, other general use or lite interest. Contact
