Address:

Olympic Blvd., I 70 / 63 Interchange, Columbia

Price:

500.00 \$

Antonius Stradivarius German made 4/4 size violin for sale. This instrument is in excellent shape and has been in my possession for the past 15 years. This instrument would be perfect for a student ready for their first full size instrument. There are a few nicks in the finish, but otherwise this instrument is in fantastic shape.

This instrument has a very nice full sound and is ready for a student to enjoy for many years to come. As a music teacher, this instrument was my first full size violin and has been used sparingly as a substitute instrument for students whose instruments were damaged and in for repairs. I am selling the instrument because I am downsizing before moving away. While I'll be sad to see it go, I'll be glad it will find a new home. I also have a fiberglass bow which I can also sell valued between \$75-100. Listing price is for the violin only.
