This pink lady is in need of a new home. She has had a good life and needs to be rehomed or repurposed. All you have to do to make her yours is load her up and cart her away. It's a group effort to load her so make sure and sucker a friend or 3 into coming with you. Pleeeeease don't make me have to take her to the dump! It would take the fancy right out of her soul;)
