Address: **22033 Feaster Branch Rd, Warsaw, Warsaw**  
Price: **Free**

Free to anyone willing to disassemble and haul off. This pole barn is located on my rental property between Lincoln and Warsaw. At one time it was a finished building with laminate flooring and drywall. A tenant flooded the building, ruining the flooring and drywall. The flooring has been removed but the floor joists and drywall remain. An agreement would need to be signed that the party agrees to disassemble and haul away the pole barn and remove all debris, including the drywall and floor joists from the premises. The agreement would also include that I am not liable for any injuries, etc during the disassemble or removal process. Call or text 573-606-9411 for more information.
