NWT. Brand new never been used maternity body pillow. U shaped-full body pillow with removable cover. I purchased it and then changed my mind. It is very soft. It is not in the original packaging, but still has all the tags on it! Smoke free home.

Here is the description from the website I bought it from:

100% Cotton

PREMIUM FILLING MATERIAL: High density and extra soft, this unique Bionic Polyethylene filling without smelling provides comfort for side sleeping and retains fluffiness for better performance and longer use.

PILLOW PLEASURE: Allergenic, comfort and support is now available with uniquely designed to follow the natural shape of the pregnancy mom, and big "U" shaped maternity support pillow for sleeping and feeding.

MULTI FUNCTIONAL: This maternity body pillow creates a belly support position for sleeping, reading, nursing, watching TV, and breastfeeding. The full body contour of this pillow provides a painless and sound sleep. A favorite for expecting mothers and people suffering from hip or back pain, fibromyalgia, sciatica, poor posture, athletes, people in physical therapy or recovery from injury, and anyone looking to get a better sleep.
