This is a complete horse corral, with 8 panels including the big gate one in the back. They were used for riding at the beach, and are a little dusty and dirty as a result. Other than needed a good hose-down, they're in good condition. These panels were \$100 each new, but because they're used im only asking \$600. Don't have a means of transporting them, so you'll have to come pick them up. Located in downtown McMinnville. Text, don't call: 503-583-1331
