Address:

Attica

Price:

350.00 \$

For sale is a EGR delete kit and an oil cooler for a 2003-2007 Ford 6.0L Powerstroke diesel. These retail for 665 new. I bought with intentions of deleting the EGR on my 2005 powerstroke but I no longer have that truck. My loss is your gain. All items are new and never used and still in the boxes, only opened to inspect packages upon receiving from Sinister Diesel.
