Text me or call me (if I don't answer please leave a voicemail) at 931-505-1085 or 615-800-9573 for more information about the phone and I am flexible on the price. The screen crack isn't bad and it's a very new phone I got it in January I just dropped it a few times. The phone never had any problems and ran perfectly fine even two months after cracking it.
