Beautiful design on this early 1900's English Secretary for sale in Macomb County. There are two cherubs at the top on either side of a basket of flowers. The two front doors have a crest on them. Inside the Secretary is a lot of storage behind the drop-down desk....some of the storage is not obvious. The front corners near the bottom of the storage cabinet have a bird holding something in it's beak. The two bottom doors have a shield on each door. I have the original key however the lock itself will need to be updated.
