Hello!

I have a DPMS AR-15 Sportical Flat top with a few mods on it that I am looking to sell. I have grown my gun collection, and she just sits in the safe now. Was one of my first semi-auto rifles, and is still a great gun. Roughly 2000 rounds fired, cleaned at every 400. Here's the rundown:

Quad Rail Hand Guard

3 position adjustable Foregrip

2.5x10 Extended Eye Relief Illuminated Scope with attached Green Laser

1 30 round Magazine
