Address:

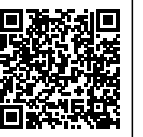

11060 16th Ave Sw, 201, Seattle, Burien

Price:

75.00 \$

EcoJet is a modern mist cooling system that reduces the temperature while cleaning and hydrating the air. Designed to cool small, medium and large environments, this mist cooling system adds value and lowers costs when compared with similar devices.

Between the traditional fan that only moves the existing air (usually warm) and the air-conditioner with its high purchasing and installation costs, there used to not be another alternative that would offer a good cost/benefit ratio.
