Address:

Auburn Township

Price:

100.00 \$

This is a solid wood dresser that we purchased when our son was a baby. It has the wood bar across the top where you put the changing pad to keep the baby safe. He used it for many years as a dresser and he just used the top for decorations. It is in excellent shape with some scratches on the surface, you can see in the pictures. It has a whole lot of years left in it.
