Price: 450.00 \$

2 beautiful church pew style benches are for sale along with a dining table. The benches were purchased for \$200 each about 10 years ago and are still in perfect shape. The table was also purchased around the same time but did not come with the benches.

Dimensions:

The table is 4 ft. x 3 ft.

Church pew benches are about 4.5 feet long and the back of the bench height is about 3 ft.

Would prefer to sell as a whole package but will sell separately if necessary. First 2 pictures are taken in natural light. The cushions on the benches are not attached and can be removed disposed of.
