This Storage Bed Base for Queen size mattress consists of 2 individual storage units when placed together make the Queen size bed base. Each base measures 79" X 29.7" X 10" I no longer have the queen size mattress and I'm moving to a full-size mattress, so this base will need to go. Each unit has 2 working drawers for storage.

I have thought about getting twin mattresses and using them as 2 individual bed bases.

Economical choice: Does not require a box spring
