Price:

200.00 \$

This manufactured home is located in a senior mobile home park in Mariposa California and must be professionally moved upon purchase. The mobile is seated at ground level with its wheels in a pit. There is easy access to enter and remove from the park. We started some cosmetic rehab on this home. The kitchen has been gutted. It is two-bedroom, one and one-half baths. The interior has been mostly painted. This mobile would be great for a large storage building or for that person looking for an affordable re-hab opportunity to turn it into a home. The awnings come with the mobile. Serious inquiries only. Alternate email: 1crabbycop@yahoo.com
