Product description

Peterson Real Fyre 24-Inch Split Oak Designer Plus Gas Log Set With Vented G4 Burner. SDP-24 + G4-24. Vented Gas Log Sets. The craftsmanship of Peterson Real Fyre Designer Series Gas Logs captures the realism, texture and subtle nuances found in nature. These hand painted originals, modeled from real world samples, are sure to add a touch of elegance to any home. Designer Plus series features more natural color and bark details. The ends of the logs and split pieces are a different color than the bark, and they include red feather detail painting, giving the logs the most authentic look. This Peterson Real Fyre gas log set includes Ceramic Refractory Vented Gas Logs, Vented Gas Burner, Burner Connector, Custom Burner Connector, Solving Embossing Emblems, Burner and Damper, and a
