Viking serger 936 - \$725 (Beverly Hills)

condition: excellent
make / manufacturer: Husquavarna Viking
model name / number: 936 Serger
This Serger is the best one Viking ever made!

The newer ones are not the same quality as this line of sergers was!!!

. The machine is in brand new condition. Used by a non smoker. The machine is very well maintained and in excellent condition. The only reason I am selling it is because I plan to travel and can't take it with me. This machine is very easy to use!!!

It has a display screen that tells you everything you need to know including tension settings. You tell it what kind of fabric you are using and what stitch you want to use (there are at least 16 different stitches!!!) and it does the rest. It even tells you if the fabric and stitch combo you picked is a good idea or not.

Want to sew a rolled hem on a delicate piece of fabric? Want to decorate a piece of fabric with beautiful heavy threads. Simple. Switch to chain/cover stitch.

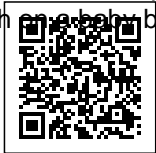

How about a beautiful finish on a baby blanket? Easy. Decorative threads in the loops and 3 thread overlock stitch!
