This pop-up is in beautiful condition, the screens have no tears, holes or damage of any kind, interior window covers are the same, perfect condition. Camper will sleep 6-7 people comfortably with 1 queen bed, 1 full bed and a dinette that converts to a bed. This unit comes with a sink and two propane stoves, one for indoor, one for outdoor and the coolest thing is it has an indoor tub/shower with a water heater. Original awning is good condition and there's also a screen room that attaches to awning. Other misc camping items included. I'm sorry some photos are upside down...have no idea why. If interested I'll email you more photos.
