This is a solid oak wood toddler bed, my granddaughter slept in til she was 9. Very good condition for sale along with matching bedding. Which includes top and bottom sheet, pillow case, sham cover and reversable comforter as seen in the photos. Used very little only a few times a year. A great price for the bed and bedding. It's time to upgrade your kiddo to a big bed!

Also available, matching valance curtains, matching bedside lamp, wooden ladybugs for decoration, a matching butterfly mobile, accent butterflies and the hanging netting over the bed. These extras are \$50.00 for all. Where can you get a brand new bedroom for a child for \$175.00?
