My sofa won't fit through my doorway.

I'm in a mobile home and the door is not wide enough.

It fit fine through a regular doorway in my old apartment.

Would like to sell for \$150.00 or trade for a working washing machine or a couple good chairs, recliners, sofa that might fit through my door.

Very comfortable and in great condition.

It took me 10 years to find this sofa that was comfortable for me with my bad back. Comfy to sit or fall asleep on :)
