Address: **Arlington**
Price: **500.00 \$**

Sleeper sofa originally purchased for \$950 in May of 2016. The pull-out is a Queen-sized mattress and has been slept on MAYBE a total of 15 times. The couch was used even fewer times than that since it was mainly purchased to be used as a guest bed--but the couch is very comfortable to sit on and use as your primary seating. Comes from a smoke-free, pet-free home, all pillows in picture are present and clean!

**The couch has been in storage since June of 2017 and I will not need it at my new place. I will be moving my stuff out of my storage unit in Nashville and driving back to Arlington on 10/22, so I can deliver it to you that evening.
