I have several of these for sale.

Great PC for an home or office. PC was used to run AutoCAD and has a higher end graphics card installed with dual monitor outputs.

I was told by our IT staff that these machines can be upgraded to Windows 7 or downgraded to Windows XP without the need for a CD key. I have verified that windows 7 will load on them.

Processor- 2.4GHZ - CORE DUO-CONROE

80GB Hard Drive

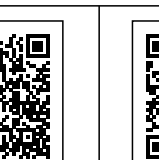

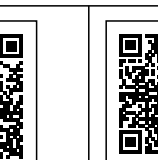

DVD+/-RW, 16X,

CD-ROM

2GB - DIMM Internal Memory

Microsoft Vista Premium - DVD is included

Keyboard and Optical Mouse
