Address:

Overland Park

Price:

45.00 \$

This is a Silhouette Portrait machine. It is used but still works great! You will need to purchase a new blade and cutting mat to use with it. Software is available online, FREE, from silhouetteamerica.com

The machine retails from Silhouetteamerica for \$199 and from Amazon.com for \$99-\$135.

I am asking \$45 for the machine as it does need the blade and mat. The only reason I am selling this is because I purchased a Silhouette Cameo3, bluetooth and I do not need it.

I live in Overland Park and travel to that area frequently, so I could deliver it. Please text to: 913-292-4770. Serious inquiries only.

Cuts a variety of materials including: cardstock, fabric, heat transfer material, transparencies, paper, vellum, adhesive vinyl and magnet paper

Free Mac and PC compatible software from Silhouetteamerica.com
