Address: Bridgeport Price: 2.50 \$

White Oak air-dried in my workshop for 18 months. I've used a lot, but I have more than I can use. Thicknesses vary from 3/4" - 2". Width size varies from 15" - 28". Lengths vary from 8' - 14'. Beautiful wood. Makes great furniture, benches, bar tops. Contact me for more information. \$2.50/bdft. Price negotiable. Still have about 10 large slabs.
