This set is vintage Bassett that's in great, like new condition. It has the dovetail drawers in front and back of drawer which is a sign of highend well made Furniture. I painted it with General Finishes Antique white then used java glaze to antique. Tops and part of headboard are painted in General finishes Millstone. Then I sealed with three coats of sealer. All of the drawers are lined in a blue floral pattern. Set comes with Headboard with adjustable bedframe that can be a queen or full size bed, dresser with mirror, Chest Of Drawers, and nightstand. I will deliver to Jackson and surrounding area or locally for small fee.
