Address:

Servicing Florida And Alabama, Navarre

Price:

Free

What is a minimum essential coverage plan? Very simply, it is a preventative services medical plan designed to comply with the Affordable Care Act individual mandate. It means you will not be penalized by the IRS because this healthcare plan covers everything the law requires.

The amazing thing is that the prices on these plans are ridiculously low. Less than \$100 a month for an individual and less than \$200 for a family. These are only preventative services so if you need to see a doctor for other reasons then you will need another plan.

Typically, we can combine this plan with another more comprehensive plan with no deductibles for less than \$400 for a family, or you can just purchase the preventative services. You get everything you need and don't pay for what you don't need or want.

Please let us know if you have any questions.
