Address:

Lyles

Price:

400.00 \$

I have a chicken coop built to be movable. Is just a bit heavy to easily move but does have wheels. It is 4x12x6.5 ft. overall. It has a raised 4x5 hen house with roost for nite time confinement as well as three nesting boxes on one side with outside access. The walkway up to the hen house raises up to lock them in at nite. There are two good sized doors and removable floor for easy clean out. It comes with 5 two year old hens laying from 2-4 eggs a day.
