Come enjoy your quiet country retreat in this recently renovated four-sided brick ranch, situated on a one-acre lot! Kick off your shoes and glide across the refinished hardwood in the living room and bedrooms. Step into the kitchen, which boasts a new dishwasher, cabinets and solid surface countertops! This home features three large bedrooms. The master bath was recently expanded with a walk-in shower, and both bathrooms sport stylish single-sink vanities. There's plenty of storage space in the bedroom closets, and the hall closet holds all the extras. Finally, the garage has enough room for your car plus more. Enjoy quiet evenings in the backyard gazing at the stars. Contains central air with propane heat.
