As moms, we know that what we use in and around our homes matters. Isn't it time to choose a NATURAL alternative to chemical-laden dryer sheets and liquid fabric softeners?

These 100% New Zealand Wool Dryer balls are made specifically for dark loads -- they're unscented, reduce static, shorten dry time -- and they do it all without the mystery goop and glop you can FEEL on dryer sheets, or the unhealthy chemicals in liquid fabric softeners. And because they last for hundreds of loads, they save you money, PLUS they're an eco-friendly way to reduce the number of nasty dryer sheets that end up in our landfills!!

Now we don't have to choose between what works and what's good.
