Home for sale Athens, TN

Beautiful home in a quiet and safe neighborhood. This house is spacious and well built. Has a mixture of tile, hardwood, and carpet. Four bedrooms with 3 full baths. All bathrooms and kitchen are tiled. Has 3 year old architectural shingles, 2 year old upstairs air unit. Does have a bonus room above garage that's usable, but is not completely finished, private feeling, plenty of shade, with great neighbors, the back yard patio area makes you feel like you are deep in the woods, while being very close to town.
