I had these on my 2001 Toyota Sienna. I hoped they would fit my new car but are too big. Must sell ASAP! I spent about \$1000.00 for them and will part with for at least half. They are a year old and are like new. I did use them in snow and ice, and they were excellent. We can work on price. Send a message to bobg1977@gmail.com. I check often. I will update with pictures soon.
