Gorgeous sideboard from the Antiquities by Stickley line. This piece is a departure from the traditional mission style typically associated with Stickley furniture but the quality remains exceptional. This piece is absolutely beautiful and in excellent condition except for one scratch on the top (see pictures). The intricate carved panels on the side doors are very unique and add the perfect amount of extra to this piece. The top drawer is lined with lint free felt and setup to hold serving pieces but this could easily be altered.

This is also a very versatile piece of furniture and can be used for a variety of purposes. It makes for a beautiful addition to a dining room, or it would look great in an office/study and we had it placed in our entryway. We recently moved and just do not have a good spot for it. DIMENSIONS: 61' length x 19.5' deep x 37.5' high

Buyer must coordinate pickup and loading. Serious inquiries only.
