Price: **199.00 \$**

Close to new Frigidare window cooling unit, 115 Volts, 8,000 BTU. Cools 1,500 square feet. This air conditioner is VERY powerful, yet energy efficient - we purchased it brand new late last summer & only used it for a week, so It's in nearly perfect condition. We paid \$412.00 for it at Lowe's, but we are asking \$199/OBO - it's a killer deal if you are in the market for a high quality, energy efficient air conditioning unit for a decent price. Please call/text Julie or Jose at 719.580.7399. we live in ordway, but can meet in nearby towns if needed. Thanks!
