I-phone 4S, has a few cracks on the screen, but doesn't affect touchscreen or visibility. It's a great phone, I have never had any issues with it. It bums me out to have to sell it, but I have a 7 month old & I know that eventually she'll get ahold of it & throw it in the toilet or the trash like her other siblings did with my last 1 lol. It's Currently with AT&T but can be flashed to other carriers easily. Comes with a charger & a black Momo "juice box" case - it has a separate battery from the phone, so you always have a backup charged battery. \$S140/OBO. PLEASE CALL/text Julie 719.580.7399
