You are looking at an antique bedroom set that was made around the 1930's. This bedroom set is in excellent condition. My Mom is selling it due to downsizing. There is a headboard, footboard, and rails (full size bed), a dresser with a mirror, a high-boy, and a trunk with a removable shelf/drawer. She is currently asking \$1900 for the set. Any questions you may have can be answered by her (Linda) at (734) 845-6353 by calling or texting.
