Thrive is a simple 3 step system that we repeat every 24 hours. It is all about absorbent vitamins that fill in your nutritional gaps. It consists of 2 capsules in the morning followed by a nutritional powder 15 minutes later that you mix with vanilla almond milk or whatever you would like or you can put it in your smoothie then it ends with a DFT patch. The patch is the only nutritional absorbent patch that you wear for 24 hours that time releases premium grade nutrients into your body that help you lose weight lower your pain and help you have the same energy all day long just to name just a few. We finish this process the first 30 mins of our day and then repeat daily. Most people experience mental clarity and focus, better sleep, all day energy and even weight loss!
