Get to work this summer on your unique, handmade Christmas ornament gifts!

I have seven fabric ornament kits - complete with everything you need - Styrofoam, fabric cut to size, pins, ribbons and notions. These do not include instructions, but I have thorough, step-by-step instructions and very clear photo tutorials on email file that will be included in purchase.

These are \$27 each in a subscription form. Asking \$100 for the total group. I prefer to sell the whole lot.

Please PM if you have questions.
