The Thule 883 Glide and Set kayak carrier attachment includes 1 pair of the Hydro-glide cradles and 1 pair of the Set to go saddles to make loading and carrying your kayak on top of your car a breeze. The Thule 883 Glide and Set roof rack will carry any type of kayak safely and securely.

Included are 2-15'straps and buckle bumpers. Self adjusting cradles provides better full conformance, kayak protection, transport stability provided by soft and adjustable saddle; and six times more surface area contact than roller style.

This item can be sold in conjunction with the Thule 835 Hull-a-Port Pro Kayak Carrier for \$100 as listed also on this site.
