Price: **499.00 \$**

We have a used Vaughan Bassett bedroom set. Complete set includes queen-sized sleigh bed, tall dresser, wide dresser, and two night stands.

Furniture is a mahogany color. Great practical set-- lots of storage including doors on the night stands.

See pictures which includes pictures of the wear and tear-- the set is about 10 years old and so of course isn't like new, but the price isn't a "like new" price either. The set cost \$2500 when we originally purchased it.

I have a pdf of dimensions I can email as well.
