Address:

**Wiggins, Wiggins**

Price:

**500.00 \$**

Originally purchased new for \$3295.00 (retail), asking \$500. This cardio trainer treadmill comes with a liquid crystal display (LCD) with a variety of program options including multiple heart rate control programs. One can choose from manual control, five built-in programs, or five user-defined programs. There is also three heart rate control programs (used in conjunction with the heart transmitter strap). The numeric keypad feature allows one to go directly to the desired speed or elevation without using the Fast/Slow and Up/Down buttons.

The treadmill will go as high as 12 mph and 15% incline. The treadmill has been used on occasion (usually at the first of a year) and is in excellent condition. Mechanically sound, no issues.
