**Free**

For 2017 and later Honda Ridgeline pickup. Matte Black. Used 1 year. Still like new. Complete with installation instructions. Original cost was over \$800. Reason for selling---I installed a Leer topper and have no need for tonneau cover. This cover is a folding cover that opens in three sections. Like new with no dents or scratches. An excellent opportunity to purchase a very nice, top quality tonneau cover. I invite you to view if interested.
