Excellent working, clean phone in every respect, one owner. Has a very small corner crack that has a hairline crack spidering (otherwise no scratches on screen). I put a quality clear protective glass cover on it (as seen in pictures) and unless you look very close you cannot tell there is a crack. In no way does it affect its functionality. I used this with Verizon, it is unocked and ready to use with any carrier. Please view photos for best description and feel free to contact me with questions. 661-972-7074.

Cash only, no trades, no ridiculous offers. Serious buyers only.

Included: Original charger, unused earphones, sim pin, manuals and original box.

This update to Samsung's flagship phone packs an oversize 6.2-inch display into a relatively narrow body. A metal frame joins a curved screen to a curved glass back. Key features include the Bixby assistant with dedicated button, a top-end processor, quad-HD+ display, auto-focus front camera, water resistance, iris scanner, and fingerprint sensor. It also supports Samsung Pay, NFC, magnetic card emulation and wifi direct. Samsung's DeX desktop dock, fast wireless charging, memory cards, and 3.5mm headphones.
